Layer 1 · Corpus — deterministic, safe unattended
sync · ledger · topics · discover
optional, never run for you
Layer 3 · Enrichment — optional, extends the corpus
docling · embeddings · topic model · seed topics · topic graph
a ledger to draft from
read as an artefact, never called
Layer 2 · Drafting — generative, you review it
11 skills · dossier · retrieval · references · evidence · render · style · book pipeline
chitragupta draft gate
this layer's only exit
OK
rendered document
Layer 4 · Review — advisory, never a gate
11 aids, each exits 0 whatever it finds
